For me the most notable thing about September has always been 'back to school'. Indeed, for anyone with a link to education the month of September is always one of new beginnings. We hope that all will be able to face these new beginnings with confidence and positive hope for the future.

It is also the time when many return to work after holidays, we hope feeling refreshed.

I hope that all will take strength from the knowledge that God is with us – if we let him. May we all be ready to be guided by God to work together for the good of all.

## **Prayers:**

- For all teachers, lecturers and students, and all who work in our schools and colleges as they begin a new term.
- For greater steps towards peace in the troubled areas of our world.
- For all who suffer because of natural or man made disasters, may the global community work to help them.
- For all who are ill and those who care for them.
- For progress in the next step for our churches.

## **Something to think about –**

Love alone is capable of uniting living beings in such a way as to complete and fulfil them, for it alone takes them and joins them by what is deepest in themselves.
